Is this usual ? Does the Inspector draw a motor car allowance - or was he allowed to have an advance to buy a car ?

17.6.29

The Inspector draws a conveyance allowance of Rs. 25/- per mensem. As no particular conveyance is prescribed for the drawal of the allowance, nothing precludes the Inspector from keeping a car to carry on his work. He was not given an advance to buy a car.

X

Pay Rs. 325/-
Hackney carriage Department allowance.. 20/-
Conveyance allowance.. 25/-

The Prosecuting Inspector, who is given a conveyance allowance of Rs. 10/- per mensem, wanted to extend and convert this stables into a garage at a cost of Rs. 307/-, but this was not sanctioned- vide s nos. 1 to 4 204A/1928.

The present case is the first of its kind, and differs from that of the Prosecuting Inspector, who merely has to attend Court.

Submitted for orders.

(4) Will this be rent free ? Does the Inspector actually keep a car?

Then arises the crucial point - is or is not the possession of a car ~~§§§~~ in the interests of Government ? ~~§§§~~ What are the duties of the Inspector that would justify this proposal?

(5) Office must go into these matters more thoroughly: Office knows just as well as I do , if not better, the points of such a case. I shd not have to drag all this kind of information out piece by piece. Pl. note fully on proposal.

2.7.29

Regr.

(1) The Inspector occupies rent free quarters. Therefore the garage too will be rent free. He keeps a car.

As Senior Inspector he has to traverse his circle constantly to supervise the discipline and working of the general constabulary. Each police station must be visited daily by him. On every occurrence of crime of grave character, he has to proceed to the scene of the crime. He has also to attend to the Hackney Carriage Departme work which involves inspection of Hackney carriages. Considering that he has to be constantly on the move within his Circle, the possession of a car is, it is submitted, a necessity and is patently in the interest of Government.

(7) The construction of a garage, at the cost of Governm does not commit us to consider any request for the grant of a motor car allowance or an enhanced conveyance allowance.

I have spoken to Mr Sullivan. He says that the sanction to this proposal could only lead to a similar request from one other Inspector.

The Inspector, for whom the garage is proposed, actually has a car and is likely always to have one and similarly any successor is likely to have one.

Mr Sullivan thinks that we shd be justified in santioning this on public grounds.

Sanction may be given ?

Sir,

Reference:- The Hon'ble the Resident's Proceedings No.6077 dated the 16th July 1929 according administrative approval and expenditure sanction to the work of constructing a garage in the compound of the Inspector's quarters on Broadway Road.

S.R. 2

The Inspector draws a conveyance allowance of Rs.25/- pe mensem but no particular conveyance has been prescribed in Bangalor for the drawal of the allowance. In Madras, Divisional Inspectors of the City Police have to maintain a motor cycle for drawing the same allowance of Rs.25/- per mensem. The construction of a motor garage does not therefore appear to be a proper charge to Government Funds unless the possession of a motor car by the Inspector is considered necessary for the efficient discharge of his duties as a public servant. Please also see in this connection this office letter No.P.W.4900 dated the 9th November 1928.

CONSTRUCTION OF A MOTOR GARAGE IN THE COMPOUND OF THE INSPECTOR'S QUARTERS ON BROADWAY ROAD.

Sir,

In reply to your letter No.P.W. 1566, dated the 27th July, 1929, I am directed to inform you that, before passing orders, the Hon'ble the Resident specifically considered the question whether the possession of a motor car by the Inspector of Police was in the interests of Government and came to the conclusion that it was so. In the circumstances, he considers that the construction of a garage in the quarters provided for the Inspector is a proper charge to Government Funds.

I have, etc.,
